Windows & Doors

The perfect execution of a masterpiece
without any compromise

A close-up, soft-focus photograph of a woman's face, focusing on her closed eye and cheek. A white window frame is superimposed over her eye, and a vibrant red rose is placed near her cheek. The word 'Diva' is written in a large, white, stylized script font across the rose and the lower part of her face.

Diva

Diva

ALL PVC

Diva redefines standards in the industry of patio doors. Its renewed appearance is combined to unequalled performance with respect to energy efficiency, solidity and security. The Diva patio door confirms the creators' commitment to make it an uncompromisingly superior product for either new construction or renovation projects.

Standard Features

- The Diva patio door has a 4 5/8" all PVC frame with integral nailing fin.
- The Diva patio door is offered standard with multipoint lock for added security.
- The screen can also be locked from the inside.
- Sloped sill for optimal water drainage.
- The Diva patio door is suitable for new construction or remodeling.
- All sashes are fusion welded for more strength.
- Fully reversible - can be assembled to slide left or right.
- The opening sash integrates double tandem adjustable rollers for smooth and easy operation on anodized aluminum tracks.

Warranty

Every Diva patio door is delivered with a limited warranty:

20-year on PVC.

10-year against seal failure.

Sturdiness

- The Diva patio door uses heavy duty aluminum extrusions for screen.
- The vertical stiles are reinforced with metal.
- The sill is made of reinforced PVC for greater resistance.
- The Diva patio door is built with multichamber heavy duty PVC profiles for maximum strength and rigidity.

Performance

- Full perimeter weatherstrip forms a positive seal between frame and panels.
- Multichamber insulating PVC profiles to provide maximum comfort.
- Strong interlocking meeting rail for air tightness.

Options

The Diva patio door comes with a complete line of options to suit individual requirements.

- Lock and key.
- Security bar.
- Many glazing options: Low E (Argon), tinted, with or without grills.

Diva is a creation of

Collaboration in Action!
