Don Young Co.

SERIES 1500 PATIO DOOR

Low Profile Design For Maximum View

ALUMINUM THERMAL BREAK EFFICIENCY & STRENGTH

BETTER VIEWS WITH MORNING COFFEE

Standard Features

- Colors: White, Black, Tan, Bronze, and Silver

- Polyurethane thermal barrier that separates the interior from the exterior that dramatically reduces heat or cold transfer.

- High-density weatherstripping with mylar fin barrier to better seal out air, noise, and water.

- Aluminum anodized sill that never rots or needs painting.
- Triple layer Low E 7/8 insulated glass that blocks more heat and UV rays than hard coat Low-E glass.

- Four heavy-duty steel ball bearing rollers on operating panels instead of two like you find on some brands.

- Interlocking panels for added strength and wind performance.
- Installer friendly reversible door panels for either XO or OX operation.

Door Sizes

Nominal Size	Actual Size	Panels
