Key Features

- Triple layer LoE^3 with a non conductive spacer for exceptional performance.
- Tilt in sash for simple cleaning
- Interlocking meeting rail for added forced entry protection
- Constant force balances for easy, smooth sash operations

Easy open, long lasting, stainless steel balance system.

- Dual weather-stripping with added synthetic double fin barrier to better seal out air, pollen, and noise; made with antimicrobial fiber that's resilient to mold and mildew.
- 3/4" Double strength insulating glass for greater efficiency and improved sound reduction.
- Mildew resistant screen
- Multi-chamber design for increased thermal performance and strength
- 10 Year warranty
